Nurtured Heart Approach®

The Nurtured Heart Approach® was developed as a set of techniques for parents to use with intense children and has grown into a culturally responsive approach that helps all children flourish in relationships, life, and the classroom.

For the past few years, Verona Area School District has been providing NHA trainings to VASD staff members. The VASD School Board believes NHA is significant in its commitment to every VASD child's success and wrote NHA into School Board Policy 111 in its Philosophy on Social-Emotional Learning and well-being.

In this six-part workshop, we will introduce you to the Three Stands® of NHA, expose you to K-12 applications of NHA in VASD and teach you specific NHA techniques that provide minute-by-minute guidance on how to inspire great behaviors. Método del Corazón Nutrido®/Nurtured Heart
(NHA por sus siglas en inglés)

El Método del Corazón Nutrido® fue desarrollado como un grupo de estrategias para ayudar a los padres con niños intensos. A lo largo del tiempo ha expandido a ser un método culturalmente receptivo que ayuda a todos los niños tener éxito en sus relaciones, la vida y el salón.

Durante los últimos años el Distrito Escolar del Área de Verona ha patrocinado la capacitación del personal escolar en el NHA. La Mesa Directiva del distrito cree que el papel del NHA es un factor significativo de su compromiso al éxito de cada estudiante en el distrito. Lo incluyó en la Política 111 del distrito acerca de su filosofía sobre el aprendizaje y bienestar socio-emocional.

Como parte de las seis sesiones del taller les introduciremos a las Tres Estándares/Three Stands® del NHA. Les expondremos a las aplicaciones del método en los grados K-12 en el Distrito Escolar del Área de Verona. Les enseñaremos estratégicas específicas del NHA que proveen consejos detallados para inspirar la conducta excepcional. El taller es perfecto para proveedores de cuidado de niños, padres, abuelos, niños, maestros y cualquier persona interesada en aprender más sobre el NHA en el Distrito Escolar del Área de Verona.

VOICE-OVERS are hot today! You don’t have to be an actor to get voice-over work, but it certainly doesn’t hurt! With such notable talent as Morgan Freeman, Tina Fey, and Alec Baldwin lending their voices to commercials, films, and videos, one would think that it would be next to impossible to break into this field. Not so! You’ll learn about an exciting, new way to get around the competition and actually turn voice-overs into a thriving full or part-time business! Our Instructor will discuss the voice-over business as a whole, the numerous opportunities, the incredible income potential, and will discuss the all-important “demo” and how to have it produced. You’ll step up to the mic and do some practice recording, and best of all, you’ll hear the results!
